Spin

Spinning is an indoor group cycling cardio class. It is a sport specific, individually paced ride that is designed to promote health and well-being. It is important to bring water and go at your own pace. All levels 30-60 minutes.

***Heart Rate Training** designed to incorporate MYZONE technology to track and build cardiovascular strength

Zumba

Zumba Step / Toning

Combines the toning and strengthening power of Step Aerobics with the fun fitness-party that Zumba brings. This class will increase cardio, burn calories, and use moves that will sculpt your core and legs!

Anusara Yoga

Aims to establish a positive mind-body connection which can help to reduce stress. Anusara is similar to a Vinyasa style practice with a heavy focus on five major alignment principles, such as: opening to grace (having an open mind), muscular energy (drawing from periphery to a central focal point), inner spiral (an expanding energy spiral), outer spiral (a contracting energy spiral) and organic energy (comes from the focal point to the periphery).

Essentrics

Yoga meets tai chi meets graceful dance movements. A fun full-body workout that's easy to follow yet challenging for every age and fitness level.

Hatha Yoga

Classes are slower paced and emphasis is placed on doing each asana (postures) correctly. Yoga breathing is explained. Your flexibility and knowledge of yoga will increase and your stress levels will start to decrease.

Mat Pilates

This innovative system of mind-body exercises builds strength without bulk, creating a sleek, toned body. It teaches body awareness, good posture, and easy graceful movement. All levels 30-60 minutes.

Vinyasa Yoga

Vinyasa Yoga is the uniting of breath and movement into one vigorous, flowing, asana (postures) practice. In this class, meditation, mantras and emphasis on alignment are interwoven to create a complete yoga experience. Students are encouraged to take a few Hatha Classes first or have a basic understanding of yoga.

Yin Yoga

Yin Yoga is a passive style of yoga that focuses on the down-regulation of the nervous system. Yin Yoga favors a sense of opening and softening in the body, over creating muscular strength or endurance. There are less poses in a Yin Yoga class, and poses are held for a longer period of time.

Yogalates

A blend of classical Mat Pilates and Hatha Yoga asanas (postures) to help stimulate and engage the core, lengthen the muscles and create a toned body and calm mind.
