Anusara Yoga

Aims to establish a positive mind-body connection which can help to reduce stress. Anusara is similar to a Vinyasa style practice with a heavy focus on five major alignment principles, such as: opening to grace (having an open mind), muscular energy (drawing from periphery to a central focal point), inner spiral (an expanding energy spiral), outer spiral (a contracting energy spiral) and organic energy (comes from the focal point to the periphery).

Hatha Yoga

Classes are slower paced and emphasis is placed on doing each asana (postures) correctly. Yoga breathing is explained. Your flexibility and knowledge of yoga will increase and your stress levels will start to decrease.

Mat Pilates

This innovative system of mind-body exercises builds strength without bulk, creating a sleek, toned body. It teaches body awareness, good posture, and easy graceful movement. All levels 30-60 minutes.

Power Yoga

Power Yoga flows through a series of postures that will strengthen your core and make you sweat. Set to an energizing playlist, this class will detoxify your mind and body, leaving you both relaxed and energized after class!

Vinyasa Yoga

Vinyasa Yoga is the uniting of breath and movement into one vigorous, flowing, asana (postures) practice. In this class, meditation, mantras and emphasis on alignment are interwoven to create a complete yoga experience. Students are encouraged to take a few Hatha Classes first or have a basic understanding of yoga.

Yogalates

A blend of classical Mat Pilates and Hatha Yoga asanas (postures) to help stimulate and engage the core, lengthen the muscles and create a toned body and calm mind.
