Functional Fitness – You'll get 45 minutes of efficient, quality functional movements that will enhance not only the “trouble areas” but will also nourish your spine, revitalize your postural muscles and strengthen your core with every movement.

Kangoo Jump – High intensity cardio conditioning class which includes circuit, weight, and plyometric drills. Wearing rebound shoes lowers the impact on your joints. Improve balance, coordination, and power in this unique workout!

Kettle Core– This 45-minute class will give fast results for strength, endurance and muscle toning from dynamic, total body movements. Training with Kettlebells will increase your power output, hip strength and mobility, while also provide dynamic core stabilization and provide countless multi-joint exercises more than with traditional weights.

HAC Remix– Insanely effective and efficient 45-minute workout that will have you perfecting your form, challenging your body with fresh new exercises and increasing your strength while defining every inch of you. This training will take your training to new heights and gives you amazing results!

MMA/ Fight Club – Learn the fundamentals of boxing with bag work, plyometrics and body weight exercises. This is your chance to step out of your comfort zone, be fearless, and find out what you're made of!

Synergy – Challenging and intense 45-minute interval training using conditioning circuits to melt fat, build aerobic capacity, improve anaerobic threshold, and strengthen your core. Options for all levels of fitness. Use of treadmills for cardio zone training and various strength tools for an amazing total body conditioning workout.

Pure Sport – Do you want to get stronger, run faster, and jump higher? Of course! Pure Sport will teach you proper technique of Olympic lifts (deadlift, hang grip shrug, hang high pull and hang clean) with the high calorie burning speed, agility and plyometric work (box and reactive jumps) to help transform you into the athlete you always knew you could be. All fitness levels welcome. Great for members who want to learn how to lift heavier for maximal strength gains and lean muscle definition.

TRX Suspension Training – By utilizing your own body weight, our TRX program provides greater performance and functionality. Great for all fitness levels and abilities.
